

## MAKING LIFE MORE AFFORDABLE

Under the Ontario Liberals, families have been finding it harder to make ends meet. This isn't surprising - taxes have been rising since the Liberals were first elected. From the health tax, to a carbon tax, the Liberals have invented new taxes. Income tax has gone up as family tax credits have been cancelled. Sales taxes have been applied to more goods and services. Car licence fees have doubled in just five years. And then there's the cost of hydro! You find yourself with less money than you expected because Kathleen Wynne has been emptying your wallet.

### Caroline Mulroney and the PC Party will Help Your Family Get Ahead

- Reduce hydro rates by 12%
- Rebate up to 75% of your child care expenses
- Scrap the Carbon Tax
- No income tax for those earning minimum wage
- Eliminate unnecessary regulations that raise the costs of the goods and services you buy
- Reduce taxes on job-creators

## GET ONTARIO'S ECONOMY WORKING AGAIN

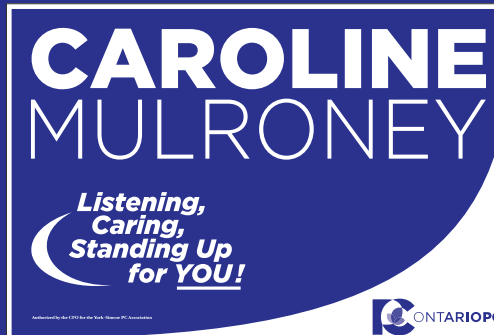

A decade and a half of Liberal policies are strangling our economy. Instead of being Canada's economic engine, Ontario has been reduced to receiving equalization payments from Newfoundland. Job-killing Liberal red tape has flourished - Ontario now has 380,000 regulations on the books, double that of the next province! Combined with high taxes and costly hydro, is it any wonder jobs and growth are going elsewhere?

### Caroline Mulroney and the PC Party will Restore Growth and Jobs to the Economy

- Reduce income taxes
- Cut job-killing red tape
- Clean up the hydro mess
- Reduce the tax burden on job-creators
- Focus infrastructure investment to support economic growth

**MAKING YORK-SIMCOE BETTER**

Our community is a great place. But Liberal neglect is making us fall behind. Roads are becoming clogged, as Liberals refuse to invest in York-Simcoe. They removed the Highway 400-404 connecting link from the Government's capital budget over a decade ago, and commuters pay the price today with precious hours wasted in traffic jams, away from their families. Schools are overcrowded. Many rural areas lack efficient high speed broadband.

**Caroline Mulroney and a PC Government will Invest in York-Simcoe's future**

- Deliver on the Highway 400-404 link
- More frequent and reliable GO service
- Support Rural Broadband infrastructure
- Build new schools
- Invest in health care in our community
- Listen to and work with municipalities to help achieve local priorities
- Protect our environment

**RESTORING RESPECT FOR THE TAXPAYER**

Under the Liberals you pay more and get less. Since they formed government, the Liberals have increased the provincial debt by 244%, up to \$311 Billion! Government spending rose 12% just this year. Over \$12 billion are spent each year on interest on the debt, instead of health care and education. E-health and gas plant cancellations demonstrate the Liberal culture of waste. If you ran your household this way, you would quickly go bankrupt. Except the Liberals are doing all of this with your tax dollars - and those of your children and grandchildren.

**Caroline Mulroney and the PC Party will Stop Uncontrolled Liberal waste and Explosive Spending**

- Get Government spending under control
- Eliminate waste
- Work to balance the budget and pay down debt
- Stop costly contracts for Liberal insiders

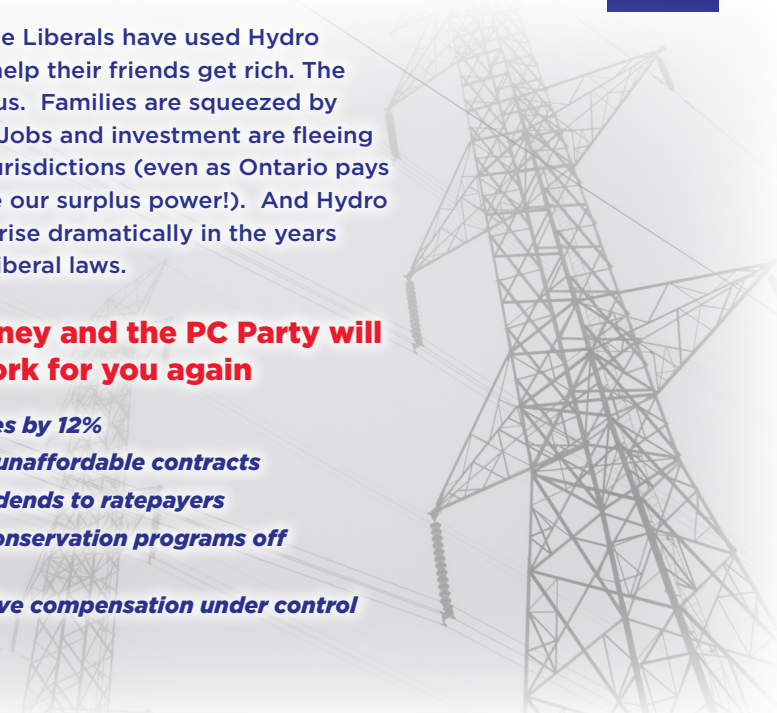

**CLEAN UP THE HYDRO MESS**

The Kathleen Wynne Liberals have used Hydro policy as a way to help their friends get rich. The results are disastrous. Families are squeezed by skyrocketing bills. Jobs and investment are fleeing to low hydro cost jurisdictions (even as Ontario pays those states to take our surplus power!). And Hydro rates are poised to rise dramatically in the years ahead under new Liberal laws.

**Caroline Mulroney and the PC Party will Make Hydro work for you again**

- Reduce Hydro rates by 12%
- Cancel upcoming unaffordable contracts
- Rebate hydro dividends to ratepayers
- Take the cost of conservation programs off hydro bills
- Get Hydro executive compensation under control

**STANDING UP FOR LAKE SIMCOE AND OUR ENVIRONMENT**

Lake Simcoe is a precious jewel we all treasure. But the Liberals have harmed our local environment through their actions. Liberals cancelled the Lake Simcoe Clean-Up Fund (started by a Conservative Government). The Liberal Government rejected local efforts to save sensitive wetlands. The Liberals have also opened the door to new sewage treatment plants discharging waste into Lake Simcoe.

**Caroline Mulroney and A PC Government will do better**

- Meaningfully protect Lake Simcoe
- Support municipal efforts to protect sensitive lands
- Ensure real protection for Lake Simcoe from sewage plants
- Preserve and maintain the Greenbelt

**REDUCING THE STRAIN ON OUR HEALTH CARE SYSTEM**

The Kathleen Wynne Liberals have done significant damage to our health care system. From picking fights with Ontario's doctors, to neglecting hospitals in fast-growing areas like York-Simcoe, health care is in trouble under the Liberals. Southlake hospital is suffering overcrowding - at 115% occupancy earlier this year. The Liberals are stubbornly refusing to match resources to local population growth.

**Caroline Mulroney and the PC Party Believe Your Health is a Priority**

- End the conflict with Ontario's doctors
- Build 30,000 new long term care beds
- Tackle hospital overcrowding and wait times
- A massive \$1.9 billion mental health investment
- Provide dental care for low-income seniors

**RESTORE RESPONSIBILITY, ACCOUNTABILITY AND TRUST IN GOVERNMENT**

This year, the former Chief of Staff to a Liberal Premier was sent to jail for his criminal role in covering up a Liberal scandal. The Auditor-General says the Liberals are cooking the books, and misleading you about the size of the deficit. From E-Health, to Ornge, to gas plants, to costly contracts for Liberal insiders, the politically corrupt Liberals' time in Government has been a succession of scandals.

**Caroline Mulroney and the Ontario PC Party will Bring Back Government You can Trust**

- An outside audit of Government finances
- Deliver on commitments
- Clean up scandals and waste
- Protect the services people hold dear
