Dave Szollosy

- ▶ Dave is a lifelong resident/property owner in Georgina, a graduate of local schools, past 3-term Councillor in Georgina and former high school teacher.
- ▶ He has consistently opposed the Upper York Sewage Solution which will dump 40 million litres a day of treated sewage into Lake Simcoe, with unknown effects of pharmaceuticals and personal care products in the waste.
- ▶ Dave has clearly called for the protection of the integrity of the North Gwillimbury Forest and the issuance of a Zoning Order to prohibit development on the provincially significant wetlands.
- ▶ He wants an end to past governments' broken promises on the Thane Smelter and will doggedly work for reinstating the clean-up order and action.
